		• We are unable to take on new business of any size
	Adult and Pediatric Feeding	**NG Feeding Tubes** • Dobbhoff and Entriflex tubes are healthy. **Pediatric Feeding Tubes** • All SKUs are recovered except 461438E and should recover by June. **Gastrostomy Tubes** • All G-tubes are now recovered. **ENFit Accessories** • The Monoject Universal Bottle Adapter with ENFit Connection (**4699E**) is disrupted due to a change in supplier. Backorder will continue into FY25.

	GI	**Salem Sumps**
		• Production of the majority of our Salem Sump portfolio was impacted by a raw material shortage on a component of the packaging as well as delayed packaging validation. Both issues have since been resolved and a majority of the portfolio is healthy again, though there are a few SKUs (listed below) with lingering recovery dates that will remain on EMER and fair share allocation:
		  ○ May recovery - 8888264929E
		  ○ June recovery – 8888266130, 771111E, 7771010E
		  ○ July recovery – 8888264911, 8888264911E, 8888266106, 8888266122, 8888266106E
		• The Anti-Reflux Valve (8888266197) is fully recovered

	IRIS	8 Fr IRIS tubes will be available in the summer. Old product expired, leading to the disruption.
Facial Protection		
	Eyewear **NEW UPDATE**	Cardinal Health is experiencing low inventory on select EYEWEAR. Inventory of **CAHFRAME** and **CAHEYEWEAR** continue to push out to DCs throughout this week **Estimated Recovery Date:** full health by EOM

We are experiencing manufacturing delays on select product codes due to packaging raw material shortages. You may experience rolling backorders while our supply health improves.

Estimated Recovery Dates:

- Single Sterile Suction Catheters
  - 30500-: October 2024

Sterile irrigating solutions & suction catheter wet trays

Due to a manufacturer recall (Nurse Assist), the following Cardinal Health brand products are impacted.

Irrigating solutions	Suction catheter WET trays – with Sterile Saline	Suction catheter WET trays – with Sterile Water
Sterile saline • 1020 • 1022- Sterile water • 10000- • 1024-	• 12062-, 6Fr • 12082, 8Fr • 12102-, 10Fr • 12142, 14Fr • 12153, 14Fr with drape • 12182-, 18Fr	• 10062, 6Fr • 10082, 8Fr • 10102, 10Fr • 10122, 12Fr • 10142, 14Fr • 12191, 14Fr with drape • 10182, 18Fr

We will temporarily no longer be taking orders for the 100mL sterile water and sterile saline bottles and foil packs while we search for an alternative vendor.

- Item codes: 1020, 1022-, 10000-, 1024-

We anticipate having a new supplier in December 2024 and will reactivate these codes at that time.

We do not have a CAH (Cardinal Health) brand alternative for the irrigating solutions. The recommended National brand supplier for sterile saline/water is B. Braun (Performance Plus).
NOTE: 100mL bottle not available; 500mL and 1000mL only.

For wet trays, customers consider ordering our Dry Kits/Trays and then purchasing a national brand sterile water or saline separately. Please contact your local sales representative for substitute recommendations.

Mucus specimen traps / containers

We are changing the supplier and production location for our ARGYLE™ Mucus Traps and Specimen Containers. There will be rolling backorders and stock-outs during this transition period. We have placed the impacted mucus specimen traps and containers on allocation until our overall inventory health improves.

Estimated Recovery Dates

- 888257386, 8888257485: July 2024
- 8888258608: July 2024
- 8888257550: July 2024
