

HCS Sharps Containers Safe, Secure and Compliant Disposal!

Designed for the secure disposal of needles, syringes and other sharp medical instruments, our line of sharps containers is essential to protecting the safety of healthcare staff, patients and the environment from biohazard waste. They are crafted from high quality durable high-density polyethylene (HDPE) or polypropylene (PP) to withstand sharp objects and prevent punctures. Engineered with sealed edges to prevent leakage of hazardous liquids and tamper-proof lids to prevent accidental opening and spillage. The clearly marked fill-line and the prominent biohazard symbol make identification of hazardous waste easy for the medical staff.

Why choose HCS Sharps Containers?

- **Facility Safety Protocols:** Protects healthcare professionals, patients and waste handlers from needlestick injuries and contamination.
- **Reliable Performance:** Built to withstand the rigors of daily use in demanding environments.
- **Regulatory Compliance:** Meet OSHA, DOT and local health regulations for safe disposal of medical and hazardous waste.
- **User-Friendly:** Designed for ease of use, handling and disposal.

Key Features:

- **Puncture-Resistant Construction**
- **Leak-Proof Design**
- **Secure Lids** - Features a tamper-proof, snap-on or lockable lids
- **Fill Line Indicator** - Clearly marked fill line to prevent overfilling and ensure safe disposal.
