

RE: Balloon Extractor Label (code: BEX)

Dear Mar-Med Balloon Extractor customer,

This notice is to inform you that Mar-Med has implemented new labeling features on our Balloon Extractor device. These changes will be apparent on the labelling of devices purchased beginning June 11, 2024. Among them, one notable change is the inclusion of an expiration date of four (4) year duration from the date they were packaged at Mar-Med.

Thanks for your attention to this and please feel free to let us know if you have any questions by emailing accounts@marmed.com.

Best,

-Jerry Marogil

Chief Commercial Officer
Mar-Med, Inc.

PS. Feel free to review and request samples of our other devices (digit tourniquets and abscess drain) by visiting our website at <https://marmed.com/sample-request/>
