January 22, 2025

Dear Valued Customer:

This letter is to inform you of an upcoming disruption to supply on select products within the Wound Care portfolio.

The supplier of the paper material used in the packaging for many of our sterile products, unexpectedly made the decision to exit the market. While the team is committed to finding an alternative packaging supplier quickly, we are anticipating a backorder on select Sterile codes within our Telfa™, Abdominal Pad™, Xeroform™, Vaseline™ and Curity™ Sponge Product lines.

Please see **Table 1** for the list of impacted skus, estimated runout date, and suggested alternative codes. Estimated run out dates provided in **Table 1** are based on current production plans, customer demand, and packaging material on hand as of today. All run-out dates are subject to change. All impacted codes will be placed on allocation and will remain on allocation through full resolution of this issue.

Please work with your local Cardinal Health Sales Representative for help determining a plan that works best for your facility. We are working diligently toward a resolution on this issue and will provide additional detail around our path forward and recovery timing in a subsequent communication.

If you have any questions, please contact your sales representative or Cardinal Health Customer Service at 800.964.5227.

Thank you for your continued support of Cardinal Health.

Sincerely,

A handwritten signature in black ink that reads "Brittany Dedels".

Brittany Dedels  
US Director of Product Marketing, Wound Care
