		12x12	6834-	23250-211	
	OR Towels	Cardinal Health has discontinued its blue nonsterile surgical towels, Cat. No. 28100-999 and recommend our new blue nonsterile product, Cat. No. 28700-999 as a clinical equivalent. The primary difference with the 28700-999 is the case quantity (200 ea/case vs. 100 each/case).			
		If you prefer nonsterile surgical towels in a color other than blue, we are also launching two new nonsterile surgical towel products – GREEN Cat. No. 28200-999 and WHITE Cat. No. 28300-999. Cardinal Health will only offer sterile surgical towel packs in the most common pack configurations - two, four, six and eight towels per pack. As a result, we will discontinue the following surgical towel product numbers over the next several months: • 28200-001 (green, 1pk): sub 28200-002 (green, 2pk) • 28700-001 (blue, 1pk): sub 28700-002 (blue, 2pk) • 28700-010 (blue, 10pk): sub 28700-008 (blue, 8pk) • 28700-012 (blue, 12pk): sub 28700-008 (blue, 8pk) • 28700-006X (x-ray detectable, blue, 6pk): sub 28700-004X (x-ray, blue, 4pk) or 28300-006X (x-ray, white, 6pk) These products are available for ordering while supplies last. When inventory is completely depleted, please transition your ordering to an alternative product.			
Presource® Procedural Packs	Custom & Standard Packs	Select components are on allocation or unavailable impacting custom and standard packs due to the impact of continuous or intermittent global supply chain disruptions. Estimated Recovery Dates: Ongoing rolling backorders on various components impacting standard and custom packs. Full recovery TBD.

		We do not have a CAH brand alternative for the irrigating solutions. The recommended National brand supplier for sterile saline/water is B. Braun (Performance Plus). NOTE: 100mL bottle not available; 500mL and 1000mL only. For wet trays, customers to consider ordering our Dry Kits/Trays and then purchasing a National brand sterile water or saline separately. Please contact your local sales representative for substitute recommendations.			
		Mucus specimen traps / containers We are changing the supplier and production location for our ARGYLE™ Mucus Traps and Specimen Containers. There will be rolling backorders and stock-outs during this transition period. We have placed the impacted mucus specimen traps and containers on allocation until our overall inventory health improves. Estimated Recovery Dates • 888257386, 8888257485: February 2024 • 8888258608: February 2024 • 8888257550: March 2024 • 8888257527: April 2024 The following product codes have been temporarily inactivated to suspend ordering and minimize backorders until production resumes and inventory is available in network. • 8884724500 • 8888257360 • 8888257378 • 8888257469 • 8888257477 • 8888257535			
	Topical Skin Adhesives	The Cardinal Health™ Liquiband® Topical Skin Adhesive product line has been discontinued/exited and only residual inventory remains within our network. Impacted products include: CHLOT01-08, CHLOM01-04, LFC004T, and LQB003T. CHLOM01-04 is the only product with significant remaining inventory for sale. Cardinal Health will offer liquidation pricing to accelerate the inventory depletion timing. If you are interested in purchasing, please contact your local Cardinal Health sales representative.			

	Positioners	Cardinal Health will discontinue/retire our Arm Protector, Cardinal Health Material No. FP-SLTARM once inventory has been fully depleted from our network (Estimated Depletion date: January 2024). Please consider an alternate Cardinal Health solution such as FP-ARMB1 (Devon™ Armboard Pad) or FP-OVER1 (Devon™ Utility Pad). 20x12x2in. Additional competitive alternatives are available from DeRoyal (Material No. 9262-00D), Soule Medical (Material No. CAB100), and Xodus Medical (Material Nos. 40418, 40426, 40433).
Surgical Gloves		Protexis™ Surgical Gloves Portfolio is available for sale without restriction. We are experiencing a temporary rolling backorder on Neoprene Essential Surgical Gloves, Size 5.5 (2D73DS55), Size 6.0 (2D73DS60) Size 7.5 (2D73DS75) Size 8 (2D73DS80) & Size 9 (2D73DS90). We expect a partial recovery by January 2024, and a full recovery by 2/29/24. In the interim, customers may order a size up or down if deemed acceptable. All other sizes are healthy and in stock. Protexis™ Neoprene (2D73DPXX) is a great alternative if there are no known allergies to carbamates. If allergies are not of concern, our Protexis™ PI portfolio is a great solution.
