Dear Valued Customer,

As part of our ongoing commitment to keep you informed, we are sharing an update on the availability of our Cardinal Health™ Incontinence products.

To streamline our standard underpad offering, we are discontinuing item #7194. The estimated run out date on the 7194 is June 2025, subject to change based on demand. The suggested substitute, item #7193, is the same underpad and total case count, with a difference in the internal packaging. See the below chart for item details.
