Dear Valued Partner:

As part of our continued focus on strategic alignment and operational excellence, Midmark is adjusting the timing of our annual pricing cycle moving forward. This process change provides more flexibility and foresight for our partners and customers, helping streamline year-end operations and supporting a stronger start to the new year.

We have made the following changes to the Midmark EDI database.

The EDI file includes pricing and product updates effective **November 1, 2025**. There are three tabs in this file:

1. The first tab titled **"Price List"** contains updated pricing.
2. The second tab titled **"New Product"** contains newly added part numbers.
3. The third tab titled **"Discontinued Product"** contains discontinued part numbers for Ritter® M9/M11-04X model Steam Sterilizers effective **October 31, 2025**.

Please review your product database and incorporate these changes. Making these changes will facilitate the order process tremendously.

For all other questions, please contact the Midmark Medical Customer Experience Department at 1.844.856.1233, option 1.
