Subject: Abbott Inventory Update: Nutrition Products

Abbott continuously reviews our inventory to provide customers with the most up-to-date and accurate product availability information. The table below lists products that are currently low in inventory or out-of-stock. We apologize for the current inventory position and are doing everything we can to address the situation.

The table below provides suggested alternatives to meet the nutritional needs of your patients. Healthcare professionals should determine the best alternative product and transition plan for patients.

The use of tube feeding products must be determined by the healthcare professional. When patients need to change to a new formula, please work with that patient's healthcare professional to determine the best alternative product and transition plan.

For outstanding questions regarding your orders or for other information about Abbott's nutrition products, please contact our Customer Service team at 1-800-551-5838. If ordering through a Distributor, work directly with your distributor representative on alternative product availability.

Sincerely,

Scott Calus
Divisional Vice President
Therapeutic Nutrition Sales
