Subject: Abbott Inventory Update: Nutrition Products

Abbott continuously reviews our inventory to provide customers with the most up-to-date and accurate product availability information as possible. The table below lists products that are currently low in inventory.

For items in low inventory, the table below provides suggested alternatives to meet the nutritional needs of your patients. Healthcare professionals should determine the best alternative product and transition plan for patients.

Pediatric Institutional Item	Item #	Est. Recovery Date	Potential Alternative Options	Item #
Pediasure Vanilla 8oz Bottle	67533	Late- February	Pediasure Vanilla 8oz Can	67522

NOTE: We are not producing EleCare Jr Chocolate (#66273) or EleCare Jr Banana (#66275) currently.

The use of tube-feeding products must be determined by the healthcare professional. When patients need to change to a new formula, please work with that patient's healthcare professional to determine the best alternative product and transition plan.

We are also pleased to inform you of these previous low inventory items that are recovered and available to order:

PediaSure Grow & Gain Vanilla with Fiber Bottle (#67531)

For questions regarding your orders or for other information about Abbott's nutrition products, please contact our Customer Service team at 1-800-551-5838. If ordering through a distributor, work directly with your distributor representative on alternative product availability.

Sincerely,

A handwritten signature in black ink that reads 'Scott Calus'.
