RE: Changes to Abbott's Nutrition Portfolio: Discontinuation of Protein and Snack Bars

Dear Customer:

After a thorough review of our business and much consideration, Abbott has decided to discontinue all protein and snack bars marketed under the ZonePerfect and Glucerna brands. This decision is effective immediately and there is no impact to liquid or powder Glucerna brand products or the remainder of our Nutrition business.

We value your partnership and are committed to strengthening our leading nutrition brands with you.

If you are a distributor, please notify your customers of this change immediately.

If you have any questions, please contact your local Abbott sales representative, or contact Abbott Customer Service at 1-800-227-5767.

Sincerely,

A handwritten signature in blue ink, appearing to read 'JS', is written over a faint, light blue circular background.

Jason Smith
