

January 2026

To Our Valued Dealers,

Our New Line of Home Blood Pressure Monitors Is Here!

We're excited to share the next generation of ADC@Home blood pressure monitoring, with a refreshed lineup designed to make accurate, reliable readings easier than ever for patients at home. Our Advantage™ line continues to deliver the trusted quality and performance to which you've become accustomed, with updated options to meet a wider range of user needs.

Highlights

- A **streamlined category** featuring three upper-arm models and one wrist model, with **lower pricing** on most units
- ADC's new, curved **Comfort Contour™ cuff design on upper-arm models** for a more precise, comfortable fit
- **Easy-to-read digital displays** with large numerals and intuitive operation
- **All models measure on inflation for quicker, more comfortable readings**
- Generous **two-user memory** with time/date stamps to help view long-term trends

Three New Models, Available and In Stock Now!

- **Advantage 6112** – All the essential features, like automatic fit check, at an affordable price point
- **Advantage Plus 6121** – Includes a Traffic Light Indicator, MAM Average Mode, backlit display, and a USB-C adapter port
- **Advantage Connect 6115** – Our first ever connected wrist unit, offering portability and Bluetooth connectivity to our free ADC@Home monitoring App

In addition, our trusted **6024N** remains part of the ADC@Home family and continues to be a full-featured choice for connected, upper-arm monitoring.

Our legacy models (Advantage 6012N, Advantage 6021N, Advantage 6115, and Advantage Ultra 6016N) will remain available while supplies last, giving you continued flexibility during the transition.

For full product details, specs, and other information, see the enclosed materials or visit [adctoday.com/adathome](https://www.adctoday.com/adathome). You can also contact your local ADC sales representative or call ADC Customer Service at 1-800-ADC-2670.

Sincerely,

A handwritten signature in black ink that reads 'Steve Kelly'.
