Subject: **MINI-BAG Plus Quad Pack Container**

Dear Valued Customer,

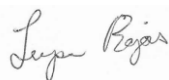

We are writing to inform you that we are placing the MINI-BAG Plus Quad Pack Container codes listed below on a 100% protective allocation. Changing market dynamics have caused demand for MINI-BAG Plus products to increase and has driven some backorders. The new protective allocation, **effective immediately**, is based on historical ordering from September 1, 2023 to February 29, 2024 at 100% to ensure a more consistent supply across all customers.

NDC	Product Description	Product Code
0338-0551-11	5% Dextrose Injection, USP, 50 mL MINI-BAG Plus Container. Quad Pack.	2B0040
0338-0551-18	5% Dextrose Injection, USP, 100 mL MINI-BAG Plus Container. Quad Pack.	2B0041
0338-0553-11	0.9% Sodium Chloride Injection, USP, 50 mL MINI-BAG Plus Container. Quad Pack.	2B0042
0338-0553-18	0.9% Sodium Chloride Injection, USP, 100 mL MINIBAG-Plus Container. Quad Pack.	2B0043

We understand the critical importance of supply continuity in patient care and remain dedicated to our mission to save and sustain lives by ensuring patients have continued access to the products and therapies they need, and we are committed to doing everything in our power to support you.

To ensure you have the information you need readily available, please visit the [Supply Resources](#) page on our website and download our Supply Availability Report to access the latest information on product supply. Please contact your Baxter representative or the Center for Service at 1-888-229-0001 with any questions. We thank you for your continued patience.

Sincerely,

Lupe Rojas
