

March 3, 2026

**Subject: Supply Update to ExactaMix/ExactaMix Pro Inlet H938175**

**Recipients: ExactaMix & ExactaMix Pro customers**

Dear Valued Customer:

Baxter is experiencing a third-party manufacturing constraint on the ExactaMix/ExactaMix Pro vented micro-volume inlet H938175. As a result, Baxter will be placing the H938175 inlet on a 100% protective allocation effective today, March 3, 2026.

The allocation for H938175 is based on historical purchases from November 2025 through January 2026 for Baxter's trading partners and direct customers.

**Table 1** | ExactaMix/ExactaMix Pro Inlet Allocation Effective March 3, 2026

Product Code	Product Description	Allocation
H938175	ExactaMix/ExactaMix Pro Inlet. Vented, Micro-Volume Inlet	100%

We understand the importance of supply continuity and the impact this has on your ability to care for your patients, and are committed to transparently and proactively communicating any changes in supply with you. To ensure you have the information you need, please visit the [Supply Resources](#) page on our website and download our Supply Availability Report to access the latest information on product supply.

Sincerely,

Jill Lubkeman
