Cardinal Health™ Monoject™ Needles and Syringe Portfolio Reference Guide

July 3, 2024

Dear Valued Customer,

This letter is to update you on the supply health of the Cardinal Health™ Monoject™ Needle and Syringes.

We are committed to help ensure the safety and quality of our products, and to increase our plastic syringe supply as quickly as possible. We are expanding upon our U.S. syringe production and actively evaluating alternate manufacturing options outside of China. We will provide updates as we have more information to share on overall Cardinal Health and Covidien brand plastic syringe supply. We will continue to stay the course on the actions we've already committed to completing with FDA – we have been moving with urgency to complete these actions and will continue to do so.

Please see the tables below for a summary of item codes and inventory status.

Table 1: Healthy Inventory Items

Table 2: Recalled Items

Table 3: Quality Hold Items

Table 4: FDA Import Alert Items

Table 5: Supply Constrained / Rolling Backorder Items

The Monoject™ Needles & Syringe portfolio will remain on allocation to protect our overall supply health.

If you have any questions, please contact your sales representative or Cardinal Health Customer Service at 800-635-6021.

Thank you for your continued support of Cardinal Health.

Sincerely,

A handwritten signature in blue ink that reads "Jaclyn Stegemann".

Jaclyn Stegemann
Vice President, Marketing, U.S. Medical Products
