Sterile irrigating solutions & suction catheter wet trays

Due to a manufacturer recall (Nurse Assist), the following Cardinal Health brand products are impacted.

Irrigating solutions	Suction catheter WET trays – with Sterile Saline	Suction catheter WET trays – with Sterile Water
Sterile saline	• 12062-, 6Fr • 12082, 8Fr • 12102-, 10Fr	• 10062, 6Fr • 10082, 8Fr • 10102, 10Fr
Sterile water	• 12142, 14Fr • 12153, 14Fr • 12182-, 18Fr	• 10122, 12Fr • 10142, 14Fr • 12191, 14Fr • 10182, 18Fr

We will temporarily no longer be taking orders for the 100mL sterile water and sterile saline bottles and foil packs while we search for an alternative vendor.

- Item codes: 1020, 1022-, 10000-, 1024-

We anticipate having a new supplier in December 2024 and will reactivate these codes at that time.

We do not have a CAH (Cardinal Health) brand alternative for the irrigating solutions. The recommended National brand supplier for sterile saline/water is B. Braun (Performance Plus).

NOTE: 100mL bottle not available; 500mL and 1000mL only.

For wet trays, customers consider ordering our Dry Kits/Trays and then purchasing a national brand sterile water or saline

		separately. Please contact your local sales representative for substitute recommendations. Mucus specimen traps / containers We are changing the supplier and production location for our ARGYLE™ Mucus Traps and Specimen Containers. There will be rolling backorders and stock-outs during this transition period. Wound Drains	JACKSON- PRATT™ Channel Drains	Our Jackson-Pratt™ Channel Drain family is undergoing a change in supplier/manufacturer partner. We have an interim supplier supporting our current needs. Select products are on allocation due to manufacturing delays and timing of inbound receipts. Impacted products include JP-2187, JP-2188, JP-2191, JP-2210. JP-2221. JP-2223. JP-2225, and JP-2226. These products will be on allocation until inventory availability improves. You may experience rolling backorders while our supply health improves. We will transition to our new, long-term supplier at the end of 2024. Estimated Recovery Date: January 2025
	JACKSON- PRATT™ • Perforated Drains • Hemaduct™ Drains	We are experiencing manufacturing delays on select products due to raw material discontinuations/shortages. You may experience rolling backorders while our supply health improves. Estimated Recovery Date: September 2024
	Penrose Drains	We will be experiencing rolling backorders on 1 code of Penrose Drains due to a packaging supply disruption. Code: 30414-100 Estimated Recovery Date: August 2024
	Accessories	Cardinal Health will discontinue the Cardinal Health™ Jackson-Pratt™ Exudate Bags (Material Nos. SU130-5005 and SU130-6005) once inventory has been fully depleted from our network. Estimated depletion dates: - SU130-6005: January 2024 - SU130-5005: <i>Extended</i> Due to the extended depletion date and quantity available in network for SU130-5005, Cardinal Health will offer liquidation pricing to accelerate the inventory depletion timing. If interested, please contact your local Cardinal Health sales representative.
