

# GOODBYE SPOTS...HELLO FLAWLESS SKIN!

A portable cryo unit that eliminates sun spots, age spots, and skin tags in as little as **ONE TREATMENT.**

BEFORE

AFTER

Uses Carbon Dioxide to gently and effectively treat superficial lesions.

Minimizes risk of hypopigmentation and scarring found with other treatments.

Ideal therapy for exposed areas on face, neck, and hands.

# Revolutionary Design For Better Results

Our breakthrough design has functionality that delivers better first-time outcomes.

Before

Post Treatment

After Treatment

- 600–800 treatments per cylinder
- Simple, intuitive user interface
- Lighted, omni-directional wand
- Portable design for easy room-to-room movement
- Gas purchased through distribution—no separate contracts
