January 2025

Dear Customer,

Abbott Nutrition is proud to offer your patients more variety when it comes to nutrition for wound healing. This spring, we're releasing an exciting new flavor of Juven: Pineapple Coconut. This flavor offers the same nutrition for wound healing you've come to expect from Abbott, now with a tropical flavor that complements our existing Juven Orange, Fruit Punch and Unflavored portfolio.

In addition to the launch of Pineapple Coconut, all Juven SKUs will have updated labels. There are no changes to the current Juven SKU numbers, UPC or NDC codes. We estimate the availability of Pineapple Coconut to begin in late March 2025 with new labels to flow through in the following 1-2 months.

Please see reverse for the full list of new and current SKUs.

If you have any questions and purchase Abbott Nutrition products through a distributor, it is recommended that you work directly with your distributor for guidance on timing. If you purchase products directly from Abbott Nutrition, please contact your Abbott representative or customer service at 1-800-551-5838.

Thank you,
Abbott Nutrition, a division of Abbott Laboratories Inc.
