

Cutimed® Sorbact® Swab Discontinuation

Dear Valued Customers,

We are informing you of a recent product discontinuation. **Effective as of March 1, 2025**, the following item has been discontinued:

Description	Old Item Number	UOM
Cutimed® Sorbact® Swab 1.6 x 2.4 in.	7216413	5/box

However, we do have a recommended replacement product for this discontinued item. Please see the following:

Description	New Item Number	UOM
Cutimed® Sorbact® Swab 1.6 x 2.4 in.	7216412	40/box

The replacement product is the same size as the item that was discontinued, but has 40 dressings per box instead of 5 per box. Because of the difference in the box quantity, please expect to see a difference in the pricing. Customers will realize a cost advantage per piece on this 40 count box in comparison to the discontinued 5 count box.

Once again, item number 7216413 has been **discontinued as of March 1, 2025**. Please replace with item number 7216412 from this point on. We encourage you to update your systems immediately with this change.
