Item Transition Notification

Dear Valued Customer,

We are pleased to announce new versions of Zetuvit® Plus Silicone Non- Border will be released shortly. The new item numbers will be available starting **September 3rd, 2024**. The 5 new items below are **directly replacing** the previous version. The old versions will be available as supplies last. Please transfer your demand history to the new item numbers to avoid disruption in stock levels. There are no changes to the product itself.

Why the change? The new item numbers feature the same product in smaller more streamlined pouches which also allows for smaller box dimensions. The boxes feature new branding as well as a QR code to quickly view application videos.

New Item Number

Old Item Number

New Item	Description	Old Item	Description
