

New Onli™ Coudé Intermittent Catheter

December 2025

Dear Valued Customer:

Hollister is pleased to announce the new addition to our Onli™ catheter portfolio: Onli™ Coudé Intermittent Catheter.

What end users can expect from Onli™ Coudé catheters:

- Easy, touch-free insertion with an ergonomic gripper for clean control
- HydraBalance™ lubricating technology which creates a smoothly gliding cushion when in contact with the urethra
- Pre-hydrated and ready to use containing hydration fluid that does not stain common fabrics*
- Coudé tip which helps maneuver around the tight bends in a narrow urethra and is suitable for males who have an enlarged prostate

This new product is available in different (3) different sizes and packaged 30 units in a box.

All SKUs have been classified as HCPCS Billing Code A4296, the newly created HCPCS Billing code for hydrophilic, coudé intermittent catheters starting January 1st, 2026. The new SKUs will be available for sale February 1st, 2026.

Attached to this communication is product and packaging information.

**Denim, linen, polyester and cotton*
