Reference: Items Discontinued – Substitute Products Available

Dear Valued ICU Medical Customer:

We want to thank you and all our customers for the overwhelmingly positive response to the value and promise our combined portfolio of clinically relevant products brings you and your patients.

This letter aims to inform you regarding ICU Medical items that will no longer be produced effective immediately. Some on-hand inventory of these items is still available and will be processed on a first-come, first-served basis. Once the inventory has been exhausted, all unfulfilled purchase orders with ICU Medical for the discontinued items will be canceled. We apologize for any convenience this may cause you. Below you will find suggested replacements. As these are not all exact matches, we recommend working with your sales rep for more details and obtaining samples.
