Dear Authorized Distributor,

As you recall, we previously implemented max order quantity restrictions on select Surgifoam and Gut Suture products.

We are pleased to inform you that all max order quantity restrictions have now been removed for these products. We encourage you to proceed with your standard ordering practices. We will continue to monitor orders to ensure they align with demand and expectations.

Please note that any overconsumption may lead to potential backorder risks until we can restore our safety stock levels.

Thank you for your attention to this matter. We look forward to our continued collaboration.
