Dear Valued Customer,

We are writing to provide you with advance notice of certain labeling and packaging changes to our Coated VICRYL™ (Polyglactin 910) Suture product line.

Please see the product table attached (Table #2 on pg.3) to this communication for the list of product codes (26) impacted by these labeling updates.

In January 2026, ETHICON will begin shipping certain VICRYL product codes with updated artwork and labeling. These updates will provide greater consistency in our packaging and artwork. Please see the images below for a summary of the labeling and artwork changes.

With this new packaging, we have transitioned Instructions for Use (IFU) from paper to digital format to promote sustainability, while providing convenient, on-demand IFU content. Digital IFU will be accessible at www.e-IFU.com.

There are no changes to any existing suture properties, such as handling or absorption. The SKUs remain the same as the current VICRYL sutures.

We thank you for your continued confidence in choosing our products to meet patient needs. Should you have any questions regarding these packaging changes, do not hesitate to contact our **Customer Support Center at 1-877-384-4266** or your sales representative.

For complete indications, contraindications, warnings, precautions, and adverse reactions, please reference full package insert or the IFU at www.e-IFU.com
