Dear Valued Partner:

We have made the following changes to the Midmark EDI database.

The EDI file includes product updates. There are two tabs in this file:

1. The first tab titled **"New Product"** contains newly added part numbers.
2. The second tab titled **"Discontinued Product"** contains discontinued part numbers.

Please review your product database and incorporate these changes. Making these changes will facilitate the order process tremendously.

For all other questions, please contact the Midmark Medical Customer Engagement Department at 1.844.856.1233, option 1.

Designing better care.®

A handwritten signature in black ink that reads "Tracy Timmerman". The signature is written in a cursive, flowing style.

Tracy Timmerman
