July 9, 2025

Dear valued customer:

Thank you for your continued use of Medtronic products. We strive to deliver sustainable technologies that focus on enhancing patient care. As part of our commitment to continually improve our products, we have made the decision to discontinue the 1.0 Tri-Staple™ reloads and offer the 2.0 Tri-Staple™ reloads as your alternatives.

This discontinuation will be effective May 1, 2026.

The products that are being discontinued with their alternatives are shown below:

Radial Reload	EGIARADVMT	Radial Reload	SIGRADVMT
Radial Reload	EGIARADXT	Radial Reload	SIGRADXT

What actions need to be taken? Please work with your distributor to adjust your demand forecast to reflect the new codes; this will help ensure a smooth transition. Your local Medtronic Stapling Expert will be working with you to ensure all internal requirements are met and that you have seamlessly converted over to the new products.

Please contact your local Medtronic sales representative for information about the discontinued products. To obtain contact information for your sales representative, please visit us at www.Medtronic.com or contact Customer Service at 800-633-8766 (toll-free within the United States).

Sincerely,

Lauren Carlone
