Dear Valued Customer,

Thank you for your continued use of Medtronic products. We strive to deliver sustainable technologies that focus on enhancing patient care.

In prior communications, we shared that the EEA™ circular stapler with DST Series™ technology would no longer be available after February 28, 2026. To provide additional time and flexibility as you transition, product availability **has been extended through April 30, 2026**, or until inventory is depleted, whichever occurs first. Reorder codes for the suggested replacement product, EEA™ circular stapler with Tri-Staple™ technology, are shown below for your convenience.
