SOAP DISPENSER

The Medical Industry is changing and so are devices; many are now wireless enabled and have higher power needs that require a reliable and consistent power supply.

PROCELL® Intense batteries deliver precise pulses of energy while lasting up to 50% longer** in high-drain medical devices like:

Blood Pressure Monitor

Oximeters

Glucometers

Pulse Stimulators

Touchless Thermometers

Cauterizers

Insulin Pumps

TENS Machines

**TO ORDER OR LEARN MORE, PLEASE CONTACT
YOUR PROCELL® REPRESENTATIVE.**

*Estimated cost savings versus relevant competition, results vary based on size and maintenance schedules of facilities, wages, etc. Visit Procell.com for more details

**vs. prior PROCELL® AA, AAA, C and D batteries
