Dear Valued Distributors:

Nestlé Health Science is committed to providing high-quality, science-based nutrition formulas. In the spirit of continuous improvement, we would like to share the following updates to our product portfolio.

IMPACT® Peptide 1.5 is coming back in stock!

We are excited to announce the great news that IMPACT® Peptide 1.5 will be back in stock in Q1 2025. Thank you for your patience as we worked through supply challenges related to the unique ingredients within the formulation. There are no changes to the label or product codes.

Product Description	Product Code	Case UPC/GTIN Code	Estimated In-Market Date
IMPACT® PEPTIDE 1.5, SpikeRight® PLUS 6 x 1000 mL UltraPak® bags	4390097371	10043900973712	Jan 2025
IMPACT® PEPTIDE 1.5, Unflavored 24 x 250 mL cartons	4390097400	10043900974009	Jan 2025

Vivonex® Pediatric Elemental Powder is now available

As previously communicated in September, Vivonex® Pediatric Elemental Powder is now available in a new and improved multi-serving canister with an easy-to-store scoop. Changing from the single-serve packets to the new multi-serving canister not only reduces paper and cardboard waste, but it also supports our ongoing efforts to improve the availability of products by optimizing our manufacturing capabilities. Plus, at least 68% of the plastic in the lid and scoop are produced from sugar cane, a renewable resource.
