

HEMODIALYSIS CONCENTRATES LABEL COLOR CHANGE INFORMATION

Effective January 6, 2025, Rockwell Medical's hemodialysis concentrates product label colors will change. This change is intended to better support visual differentiation between acid and bicarbonate hemodialysis concentrate products. Below please find before-and-after samples from our liquid and dry acetic acid, citric acid, and bicarbonate labels.

Thank you for trusting Rockwell Medical with your hemodialysis concentrates needs. Questions or Concerns? Please contact us at custserv@rockwellmed.com.
