Important Update: Sempermed and Semperguard Product and Packaging Updates

As part of our ongoing rebranding initiative, **Sempermed USA has transitioned to Harps USA, Inc.** Effective immediately, you will see updated product names reflected in your order acknowledgments, invoices, and packing slips. **All GTIN (UPC) barcodes will change. Reorder numbers will remain unchanged.** Please find the attached document outlining these updates for your reference. This transition will first apply to all **nitrile products** and **latex edition™ IC**. The remaining **latex, vinyl, and surgical products** will follow in subsequent phases.

In addition, we are introducing improvements to our artwork and labeling of our **dispenser box and outer case artworks.**

- **Dispenser Boxes:**

- Refreshed updated design reflecting our new brand image
- Globally aligned size color indicators

EXISTING BRANDING

NEW BRANDING

- **Outer Cartons:**

- Optimized outer carton dimensions for improved logistics
- Transitioned to green ink color with new GTIN barcodes
- **Action Required:** Please inform your warehouse staff and customers of these changes

These updates will be rolled out gradually as we work through blended inventory over the coming months.

For any inquiries or to obtain an **updated list of GTIN barcodes (UPCs), brand names, product descriptions, dimensions, and weights**, please contact your **HARPS USA sales representative**. They will provide you with the **Distributor New Item Setup form** to facilitate the necessary updates to your systems.

Thank you for your continued partnership.

Best Regards,
Bill Glowacki
Vice President, North America Sales
HARPS USA Inc.
