

3M Health Care
is now Solventum

For years, clinicians have trusted 3M™ Vanish™ 5% Sodium Fluoride White Varnish for its high fluoride uptake and quick application. Now, we're reimagining fluoride treatment, with a simplified formulation that's both easier and effective — and more comfortable for patients.

Minimum contact
time of just 15 minutes

3M™ Clinpro™ Clear Fluoride Treatment

A clear upgrade

Effective fluoride
uptake at a lower
dosage (2.1%)

Clear, water-based formulation

- Suction-line friendly
- Rosin-free
- Improved taste, smell and mouthfeel

Easy to use

- One-handed, press-and-go activation
- Application in a simple sweeping motion

Buy now
