United States Service & Supply Update

**March 16, 2026**

## Our Commitment to Supply Transparency

---

Dear Valued Customer,

Solventum remains committed to communicating openly and transparently with our customers. In the spirit of increasing transparency and improving communications on specific backlogged product categories, Solventum's Medical Surgical business is initiating more frequent, regular communications on products experiencing supply chain constraints.

The purpose of the following supply information is to provide an update on potential and ongoing supply disruptions within Solventum's Medical Surgical Business. Please see the provided table for impacted products and tentative recovery dates. Please note that estimated recovery dates are subject to change and dependent on demand variation, unforeseen manufacturing disruptions, and other adverse external market conditions.

We understand the challenges delayed orders may present to you and your patients. We are actively working on mitigating and reducing the impacts within each of these categories and apologize for any inconvenience this situation may cause.

We appreciate your partnership and patience as we work to improve supply levels. Please work directly with your sales or customer service representative for the latest supply information and updates.

Solventum Medical Surgical Business – Americas

**Rob Meyers**

Senior Vice President of Manufacturing Operations  
Medical Surgical Group

<u>Product Group</u>	<u>Product #</u>	<u>Root Cause</u>	<u>Situation Summary</u>	<u>Expected Full Recovery Date</u>	<u>Supply Status</u>

<b>Bair Hugger Under Body Blankets</b>	<b>63500 55501 55000 54500 57501 58501 45034 45534</b>	Machine Upgrades	Machine upgrade installation and validation were successful, which will enable long-term output improvements. SKUs 63500, 55501, and 54500 are being prioritized in production.	Q2 '26	<i>Intermittent Supply</i>

Available Supply – order fulfillment on track, possible minor delays

Intermittent Supply – orders fulfillment delayed, but filled on a rolling basis

Limited Supply – minimal supply, so orders may not be filled until closer to the recovery timing date
