

March 5, 2026

Dear Valued Distributor,

STERIS remains committed to providing healthcare Customers with products and services that support patient care, with a strong focus on infection prevention. We continue to prioritize product continuity through a robust and diversified supply chain.

We are pleased to share that **inventory levels have improved across both the Celerity™ HP Biological Indicator portfolio and the Celerity™ 20 STEAM Biological Indicators and Process Challenge Devices**. Customer and Distributor backlogs have been fully cleared, and normal shipments have resumed this week.

Impacted Products:

STERIS Item #	STERIS Item Description
LCB044	CELERITY 20 HP BIOLOGICAL INDICATOR (25/BOX)
LCB052	CELERITY 5 HP BIOLOGICAL INDICATOR (25/BOX)
LCB059	CELERITY 5 HP CHALLENGE PACK (5/BOX, 5 CONTROLS)
LCB048	CELERITY 20 STEAM BIOLOGICAL INDICATOR (25/BOX)
LCB049	CELERITY 20 STEAM PROCESS CHALLENGE DEVICE (25/BOX, 5 CONTROLS)
LCB053	CELERITY 20 STEAM PROCESS CHALLENGE DEVICE (25/BOX, 25 CONTROLS)

We appreciate your ongoing partnership and the collaboration to support Customers during this recovery period. Momentum remains strong, and we will continue providing updates as we progress toward full supply normalization.

Thank you for your continued understanding, flexibility, and partnership as we work through this challenge together.

Sincerely,  
Cindy Tanski  
Director, Distributor Channel
