

June 21, 2022

Dear Valued Customer,

Due to the advancements in technology, The Mill (5400-700-000) will be obsolete as of November 30th, 2023. The Mill will be eligible for service coverage for an additional year (November 30th, 2024). The disposable part numbers listed below will be obsolete as of November 30th, 2024.

5400-701-000 3.2mm Fine Blade
5400-702-000 5.0mm Medium Blade
5400-703-000 8.0mm Coarse Blade

As a replacement, we can offer our next generation, the Bone Mill +, with new Prep + disposable that removes soft tissue from appropriately sized bone pieces.

5420-100-000 Bone Mill + Base
5420-FNE-000 Mill + Fine Blade
5420-MED-000 Mill + Medium Blade
5420-CRS-000 Mill + Coarse Blade
5420-PRP-000 Prep + Cartridge

We apologize for any inconvenience that this may cause and look forward to working with you to ensure the process is as smooth as possible. As a leader in the industry, it is our commitment to continue investigating in technological advancement and comprehensive service options in partnership with our customers for your future needs. Please contact your local Stryker Sales Representative for more information on our latest offering of Neurosurgical products and services.

Sincerely,

Carly Schilling
Sr. Product Manager
