Subject: Sterile pre-filled saline syringes will now be packaged and secured on the outside of kits

Dear Valued Customer,

Supply chain disruptions have continued to limit the availability of sterile pre-filled saline syringes previously packaged inside of Arrow™ Vascular Access Kits. This disruption has resulted in a change of manufacturer and a shift in packaging, with pre-filled saline syringes now being packaged on the outside of the kit. Please reference the 15 impacted products below including kits with the Arrow™ Central Venous Catheter, Multi-Lumen Central Venous Access Catheter (MAC), and Percutaneous Sheath Introducer (PSI).

Kits with Sterile Saline Syringes Packaged on Outside of Kit	Description
CDC-45703-XP1A	PI CVC KIT: 3L 7 FR X 20 CM ANTIMICROBIAL
CDC-45703-XPCN1A	PI CVC KIT: 3-L 7 FR X 20 CM ANTIMICROBIAL
CDC-45703-XPN1A	PI CVC KIT: 3L 7 FR X 20 CM ANTIMICROBIAL
CDC-42703-XP1A	PI CVC KIT: 3-L 7 FR X 16 CM ANTIMICROBIAL
CDC-42703-XPCN1A	PI CVC KIT: 3-L 7 FR X 16 CM ANTIMICROBIAL
CDC-42703-XPN1A	PI CVC KIT: 3-L 7 FR X 16 CM ANTIMICROBIAL
CDC-42802-XP1A	PI CVC KIT: 2-L 8 FR X 16 CM ANTIMICROBIAL
CDC-45854-XPCN1A	PI CVC KIT: 4-L 8.5 FR X 20 CM ANTIMICROBIAL
CDC-42854-XPCN1A	PI CVC KIT: 4-L 8.5 FR X 16 CM ANTIMICROBIAL
CDC-21142-XCN1A	MAC KIT: 2-L 9 FR DISTAL X 10 CM ANTIMICROBIAL
CDC-21242-X1A	MAC KIT: 2-L 9 FR DISTAL X 11.5 CM ANTIMICROBIAL
CDC-21242-XCN1A	MAC KIT: 2-L 9 FR DISTAL X 11.5 CM ANTIMICROBIAL
CDC-21242-XN1A	MAC KIT: 2-L 9 FR DISTAL X 11.5 CM ANTIMICROBIAL
CDC-29803-XCN1A	PSI KIT: 8.5 FR X 10 CM ANTIMICROBIAL
CDC-29903-XCN1A	PSI KIT: 9 FR X 10 CM ANTIMICROBIAL

The kits will contain the original quantity of pre-filled saline syringes and will still allow for the adequate flushing and priming of each of the catheter's lumens, per the Instructions for Use (IFU). This packaging change does not impact the insertion or indications of the catheter in the kit.

Images: Pre-filled saline syringes packed in bubble pouch on the exterior of the kit on the side.

If additional clinical information regarding this change is needed, please contact our Clinical Support Services at clinical.affairs.vascular@teleflex.com.

Sincerely,

Cris Gomide
Vice President, Global Marketing – Vascular Access

Rx only.
