Subject: 90-Day Discontinuation Notice for Weck™ Hemoclip™ Traditional Titanium Clips

Dear Valued Customer,

Within 90 days from the date of this letter, Teleflex will officially discontinue the sales of the Weck™ Hemoclip™ Traditional Titanium Ligating Clips and Appliers and replace them with our flagship Weck™ Horizon™ Metal Ligation System.

The Weck™ Horizon™ Metal Ligation System is a separate system and requires its own unique appliers. The Horizon™ Clip and Applier replacements are included as an attachment to this letter. Please ensure the product meets your needs before placing your order, as there may be differences that are important to you.

Next Steps

Your sales representative will reach out to you to establish a transition plan once we have reached the point to initiate conversions. Please inform your SPD and clinical staff of this product discontinuation and of the anticipated stock-out dates for the product codes they purchase. If you do not know who your sales representative is, please reach out to New Product Support (NPS) at NPS@teleflex.com for assistance.

Customers will have their existing Hemoclip™ Appliers replaced with Horizon™ Appliers at no cost if the terms under the Lifetime Warranty for Weck™ Open Surgical Appliers are met.

Customers with and without a Teleflex Applier Placement Program (TAPP) Agreement should contact NPS at NPS@teleflex.com to order Horizon™ Appliers. Please provide NPS with a list of your current Hemoclip™ Applier inventory, as well as the Horizon™ Appliers you would like in return.

We regret any inconvenience this may cause, and we look forward to the opportunity to continue supporting your surgical product needs. Please reach out to your local Teleflex representative or Customer Service if you need any additional information regarding this product discontinuation.

Sincerely,

David Bournazian
Associate Product Manager -- Ligation

Rx only.
