

April 19, 2023

Dear Valued Customer,

Thank you for choosing Cardinal Health™ your provider of urology products. This letter is to inform you of upcoming changes in the Cardinal Health urology portfolio.

Cardinal Health is committed to optimizing our urology offering to enable supply chain and manufacturing efficiencies. After an extensive analysis of the portfolio, we have made the decision to simplify the product offering by discontinuing the products in Table 1 and recommending a suitable alternative.

These products will continue to be available through December 2023 or until inventory has been depleted.

Recommended Next Steps:

Utilize Table 1 to review the products that will be discontinued, and the suggested alternative. Please communicate your alternative selections to your Cardinal Health sales representative, so appropriate inventory adjustments can be made.

Please reach out to your dedicated sales representative for any assistance needed with this transition or call Cardinal Health Customer Service at 800-964-5227.

Thank you for your continued business.
